Mass will be celebrated on Saturday morning 3rd August at 9:00 AM with confessions afterwards. Please continue to check our weekly bulletin each week during August for updates. The normal programming for midweek Masses will resume from the beginning of September. Thanks.

*Propagation of the Faith Appeal*

About a month ago, the Propagation of the Faith Appeal was undertaken in Camden and The Oaks. The contribution from The Oaks was around \$500 and from Camden a little over \$5,500. This was a most generous response to a very worthy appeal. Thanks to all who contributed. This kind of collective generosity reflects very well upon our parish.

## *Giving and Donations*

It's hard to believe that we're now on the threshold of the third decade of the 21st century. The years since the beginning of the third millennium have passed so very quickly. With the acceleration of Information Technology over the past 19 years, it's hard for traditional church and charitable institutions to keep pace. Nonetheless, our own parish has been going ok, and has long since developed a comprehensive web site.

**Online Payments**

Since first launched in 2011, the web site has been completely upgraded. And among the many items of interest, it's now possible to contribute or donate through our parish website. It's all a matter of personal convenience. If interested in on-line contributions, please go to <http://www.stpaulscamden.org.au/online-payments/> Please contact Elizabeth if further information is required.
